TEACHER'S REPORT TO SCHOOL DIRECTOR

For year beginning _Sept. 5,_ 19 _13_

and ending _May 29,_ 19 _14_

District No. _6 Frac._

Texas Township

Ada M. Tagelaar Teacher

NOTES

The "number of days school" is the number for which a legally qualified teacher was paid and includes legal holidays, institute days and any time school was closed on account of contagious diseases. All pupils belonging to the school at the time are counted as present on such days when making the report on total days attendance.

To find average attendance, divide the total attendance by number of days taught.

To find the percentage of attendance, divide the average attendance by the total enrollment.

The year's totals are computed from the reports of all the terms for the Director's use in making his annual report for the Superintendent of Public Instruction. If the term reports have not been made out, the teacher should compute them.

The teacher is not entitled to full pay until all reports have been made to Director and Commiss'g ner.
